Email: <u>farhin194@gmail.com</u> Scarborough, ON, CANADA

OBJECTIVE

- Data-driven professional with expertise in **SQL**, **Tableau**, **ETL** and advanced **analytics tools**, committed to delivering actionable insights that drive business decisions and operational efficiencies.
- Proven ability to design and maintain **dashboards**, optimize reporting processes, and collaborate effectively across teams to solve complex business challenges.

SKILLS

- Data Analysis Tools: SQL, Excel (Advanced), Tableau, Power BI
- ETL Tools: Azure data factory, Talend
- Languages: Python, JavaScript, Java, PHP
- Databases: MySQL, PostgreSQL, Microsoft SQL Server
- Frameworks & Libraries: Pandas, Numpy, React, Angular
- Cloud Platforms: AWS, Microsoft Azure
- Version Control: Git, GitHub

EXPERIENCE

DATA ANALYST Vision AI

June 2022 – Present

- Developed and maintained **Tableau dashboards**, visualizing key business metrics and improving decision-making by presenting complex data in accessible formats.
- Generated detailed reports and dashboards using SQL and Excel to track business performance, resulting in a 25% improvement in reporting efficiency.
- Collaborated with cross-functional teams to analyze business needs and implement **data-driven solutions** that improved operational efficiency and process workflows.
- Applied advanced analytical methods to identify trends, forecast performance, and support strategic initiatives.
- Effectively communicated findings to non-technical stakeholders, ensuring alignment and understanding across teams.

FULL STACK WEB DEVELOPER Saurabh Web Solutions

June 2018 – Dec 2019

- Architected and implemented **RESTful APIs** with Node.js facilitating seamless data exchange, which enhanced frontend-backend communication efficiency by 35% and accelerated development cycles by 25%.
- Executed **server-side validation** and robust error handling to ensure data integrity and maintain application stability.
- Architected and fine-tuned database schemas for SQL (MySQL); achieved a 25% increase in data processing efficiency, supporting faster report generation and real-time analytics.
- Executed in-depth analysis of database migrations, indexing, and **query optimization techniques**, leading to a 45% improvement in system performance and a 60% reduction in **query response times**.
- Led the development of a **customer relationship management** (**CRM**) system from conception to deployment, streamlining sales and marketing processes and increasing client retention by 25%.

EDUCATION

• Post Graduate Certification in Data Analytics for Business Decision Making
Durham College, Oshawa, ON

- Post Graduate Certification in Artificial Intelligence Design, Architecture and Implementations Jan 2021-Aug 2021 Georgian College, Barrie, ON
- Bachelors of Computer Engineering
 Gujarat Technological University, India

 Jun 2013-May 2017
